## **Watt's New in Lighting?**

**Presented by Shelli Sedlak, LC**  
**GE Lighting**

**Learn what's happening in the "Crazy World of Lighting". Ms. Sedlak will speak on award winning energy solutions and lighting designs, and the breakthrough lighting technologies coming to a building near you.**

**Shelli Sedlak, LC**

Shelli is currently GE Lighting's Specification Engineer for the South Pacific West region. Her expertise provides technical support to specifiers and end users regarding lamp technologies. She holds a BS Electrical Engineering degree from USC, is Lighting Certified (LC), and is active in her local IES Section as Treasurer. She is also the Regional Chair for the Energy and Legislative Committee and Regional Secretary and co-founded the Inland Empire Section of IESNA.

Her prior experiences include Hubbell Lighting, as the Western Regional National Accounts Manager, and Southern California Edison as the Lighting Engineer for the Energy Efficiency and Marketing group. She teaches lighting seminars throughout the country for numerous organizations and colleges.
