IES MISSION SECTION

Ventura County – Santa Barbara County – San Luis Obispo County

Wednesday - January 24, 2007

5:00 Board Meeting

6:00-6:30 No Host Bar

6:30-7:00 Salad Bar

7:00-8:30 Dinner & Presentation

Cost – \$20.00 – members / non-members - includes dinner

Location – Sizzler - 5555 Hollister Ave., Goleta, CA 805-964-6769

RSVP – trish@trishreynoso.com or 805-965-4443

Savings By Design

Presented by:

**Rosemary Lieberman, Technical Specialist
Southern California Edison - New Construction Services**

Savings By Design is a statewide program to encourage high-performance nonresidential building design and construction.

- **Free Design Assistance** and Financial Incentives from SCE to help you find the most energy efficient solutions for your projects.
- **Incentives up to \$150,000** for projects better than Title 24 by at least 10% on a Systems Approach or Whole Building Simulation.
- **Design teams may be eligible for up to \$50,000** if their design is better than T24 by 15% and they provide the Whole Building Simulation
- The incentives are a nudge to build efficiently, **any "Green" or "LEED" project** is a natural for Savings By Design. If these incentives aren't applied for, it is, in essence, leaving money on the table that the Owner is entitled to receive.
- The **ongoing utility savings** are a windfall!
- Lightings and particularly **Daylighting** are frequently the greatest energy savers if designed efficiently.
